After School Care Programme 3.00pm-5.45pm

Magic is a leading After School Care company with a mission to support our community of families and schools by delivering safe and enriching programmes, experiences, and environments in which children are empowered to connect, play, and thrive.

We take the practice of childcare to the next level, offering a range of engagingly-fun activities including crafts, games, sports, cooking, discovery time, and more.

As a result, our After School Care Programme is a place where every child can play, thrive and are proud to belong. Above all, we're passionate about bringing magic moments to children every single day.

Holiday Programme 8.00am-5.45pm

Our Holiday Programmes focus on creating positively-unique experiences that raise the bar and delight children aged between 5 and 13 years. These programmes are jam-packed with safe yet fun activities, trips and more that entertain and inspire.
