

Consent Form

**Tooth Brushing Programme soon to start at
Bathgate Park School**

The Community Oral Health Service, Oral Health Promotion Advisors will soon be starting a tooth brushing programme with the children at Bathgate Park School. If you would be willing to consent to your child participating in this programme, we will provide your child with a toothbrush and fluoride toothpaste (containing 1000ppm fluoride) to use daily, at school. The toothbrushes will be kept at school and will be replaced every 6 months. The aim of this programme is to improve your child's oral health.

Toothbrushing will take place after lunch daily at school. Toothbrushing will be supervised by school staff and the programme will be monitored by Oral Health Promotion Advisors from The Community Oral Health Service.

Your child will still receive an appointment once a year for an examination at a Community Oral Health Service Clinic and we would like you to attend this appointment with your child.

Please contact us at any stage if you would like any more information or if wish to withdraw your child from the programme.

'Ma te huruhuru te manu ka rere, ma te niho ora, ka ora te tangata'
(With feathers the bird will fly, with good oral health the person will thrive)

.....
Can you please complete the form below and return to the class teacher
